Statement of Al-Salafiya Al-Jihadiya in Sinai regarding Sinai Security repeated criminals

In the name of Allah, the most gracious, the most merciful

All praise to Allah, Lord of the worlds, and prayer and peace upon the most honorable messenger, our master Muhammed, and upon his family, companions and allies... to proceed:

- In a serious evolution of events in Sinai, and in a new step from igniting the situation steps in this critical place within Egypt land, everybody were surprised with two new crimes where an innocent bloods were spilled without any guilt, and the arms, shooting and bloodshed were used without any reason or need, and we have warned repeatedly from the involvement of Security in exploding the situation in Sinai, whenever the situation become stable and the events is calm; everybody surprised by a new crime which ignite the situation again.
- Today, 21 November 2012, the people prepared for a stand to support Gaza people against aggressive Zionist assault and that was 1Km away from Jorah airport. And while the guys were preparing for the stand before people arrival to participate in it, 3 army tanks came to the location and fired guys' car without any warning and the citizen "Jihad Muslim Al-Hammadin (20 years old)" was killed by a bullet in the head ... what is this criminality??? And what is this bloodiness??? And what is this wastage of the blood and security of Muslims??? And how the Security's role of protecting people became to the role of killing them and disrespects their bloods?? And was their guilt the supporting of their brothers in Gaza as much they can as other Muslims are doing in the rest of Egypt provinces and the whole Muslim world??.
- And before that, in less than a week another crime took place, in Saturday 17 November 2012 the citizen "Osama Mas'ad Abu-Helw" was shot by ambush force in Arish city and that was because he passed the ambush because he lost his driving license and he was afraid that they will keep his car and him, was that a crime which deserve direct fire shooting, and what was the danger for the ambush after the car passed away so they deal with it by bloodshed, criminality and wastage of citizens blood, is there any traffic law allow fire shooting and killing who ever pass an ambush or it is an orders to the officer for a malignant goal???
- And this is not far of the crime of killing 4 citizens in other two incidents similar to that incident, was that a coincidence?? And what followed that from attacking a police car and targeting the intelligence inspector when he came to investigate the incident ... so who knew that the responsible investigator was coming and he knew the time when he will be in the scene to investigate??

- How this information were leaked and how he was targeted as simple as that with the availability of guards and how could the criminals escapade from Arish city while it is surrounded by ambushes without any trace???
- So it is obvious that the Security is involved in these crimes to spread a flux and instability situation which will lead to explode the conditions and make the people to do retaliatory reactions to use them for justifying repressive Security retake and back to practice the repressiveness.
- Also, there is somebody is pushing from his side to continue the brute military campaigns on people of Sinai which already preformed serious violations against the people of Sinai claiming taking the revenge for solders and the eagle campaign took place and there was no real investigation in killing of solders incident and they didn't announced who was the responsible so what the campaign was for?? And why they are preparing the public opinion to other campaigns which will ignite a war that will only benefit the Zionist enemy?
- So, our demands is to do urgent retribution from whoever spilled our Muslim people blood in Sinai and punish the responsible of these crimes and the ones who call for it, and stop these criminal practices which only brings scourges to the country and serving the enemy of the country who finally felt that there is a power that will undeterred him and spoil his plans; the Mujahidin in the cause of Allah who will do anything to raise their religion and to support the oppressed people.

(and Allah is the master of His affair, but most people do not know)

And our last prayer is praise Allah, Lord of the worlds
